REPORT  
OF  
THE BOARD OF VISITORS  
UPON THE ANNUAL EXAMINATION OF 1857.

---

THE Board of Visitors appointed to attend the Examination of the Greenville Baptist Female College, beg leave to report: That they assembled on the days appointed for the Examination; and they hereby express their unqualified gratification at the exercises of the occasion.

The Classes were carefully examined in the various departments of Grammar, History, Arithmetic, Algebra, Analysis, Rhetoric, Geometry and Moral Philosophy.

The attainments of the Pupils indicated a commendable application to study, on their part, and a high degree of diligence and care on the part of their Instructors.

The impression made on the minds of the Committee was, that in the various departments instruction had been carefully imparted. There was a familiarity, not only with the general course of study pursued, but with the principles involved, which indicated thorough training.

In the Primary Department, there was a readiness, an ease, an accuracy, highly gratifying; while, in the more advanced Classes, the Examination in Rhetoric, in Algebra, in Geometry, in History, and in Moral Philosophy, would have been creditable to any of our Colleges or Institutions of Learning.

The Board of Visitors have expressed themselves strongly; but, without reserve, and most cheerfully, they give this as their testimony to the proficiency of the Pupils and the ability and faithfulness of the Teachers in the Greenville Baptist Female College.
